

SHSU Catalog: Review Guide and Process

Office of Academic Planning and Program Development
catalogs@shsu.edu

To be used in conjunction with the SHSU Catalog: Degree Program Audit Checklist

INITIAL REVIEW

- Carefully review and edit all necessary catalog content for the **2026-2027 Undergraduate and Graduate and Professional Catalogs**.
- Ensure the lists of academic programs within each department are complete and accurate.
- Ensure all specified Core Curriculum courses in the Degree Specific Requirements are marked with a footnote to denote double-dipping.
- Ensure all approved curriculum changes are reflected in the degree plan and all curriculum is under the appropriate header.
- For each undergraduate degree program, ensure changes/updates are completed to both the Course List and the Plan of Study.
- Ensure the Course List and Plan of Study sum to the correct total SCH.
- Ensure the Grade Point Average (GPA) restriction statements are correct.
- Ensure all dates, names, and contact information are up to date.
- Ensure all narrative text is accurate, clear, and grammatically correct.

NOTE: Double-Dipping – To prevent double counting of SCHs that are associated with major-specific courses that are also part of the Core, enter the hours in the **what you see : what you add** format (**3:0**), and add a footnote denoting Core Component Area requirement satisfied.

Common Errors

- A Core Curriculum course identified in the Degree Specific Requirements not properly “double dipped” and/or missing coordinating footnote
- Footnote sequencing errors (numerical) in the Course List and/or Plan of Study as well as in the Footnote listing
- Inconsistencies between the Course List and the Plan of Study

Helpful Hints:

- Preferred Browser: Google Chrome
- Open email from CourseLeaf and click on the link provided to begin editing OR log on to: <https://nextcatalog.shsu.edu/courseleaf/approve/>
- Make sure the **Pages** window box displays your “Role” in the workflow, not your name. Example: OAPA Admin

First Time User or Role Changed (Editor/Approver):

To gain access to the CourseLeaf system after access has been granted, a first-time user or user whose Catalog Role has changed will need to:

- Shut down computer (DO NOT merely restart)
- Turn the computer back on
- Log in using official SHSU username (no alias)

Please verify that when viewing your CourseLeaf Console, the appropriate “Role” is displayed in the *Pages* drop-down and not the user’s name.
